

## **Pastor Jack Myers Prophecy 03.01.26 AM**

In the name!

Many of you are in a place and wondering why some of the things haven't happened that you've been believing God for.

Some of you are in a place where you've actually given up and thinking that it's not going to happen.

But the Spirit of the Lord says, "press in and press deeper to the high calling in which I called you to.

Press in and press through the darkness, the fog in which Satan has tried to trick you, in the name of Jesus.

So some of you are thinking to yourselves will these things ever come to pass?

I hear the Spirit of the Lord saying, "yes, these things shall come to pass.

Don't be weary in well doing. For in due season, in due season, you will reap if you don't quit.

Just keep pressing in, keep pressing in, keep moving forward, don't give up your hope, your positive expected outcome. No, just keep pressing in and moving forward.

Standing on My Word even though the winds are blowing and the waves are crashing, it shall not come nigh, even your dwelling. For your house is on the Solid Rock.

It's on a solid foundation that cannot be moved.

Yeah, so don't be discouraged, just be encouraged. Be lifted up.

Oh, sorrow it last for a season, but joy comes in the morning.

Oh, yeah, it's just temporary what you're going through right now.

It's just temporary, it's not permanent; but learn through it, grow through it.

Humble yourselves in the sight of Me and I will lift you up," says the Spirit of the Living God.

Hallelujah!
