

Pastor Marie Myers – AM Service 3.16.25 Edification/Exhortation/Comfort on Houses/Kids

Two things, very Important - The money is to fund the plan.

You are not directed to save the money.

It does not mean that we are not to properly steward the finances God put in our hands.

But when it comes to your home, it is **absolutely critical** that you pray the plan out and not go by the dollars alone. God will measure your faith for you. He knows how much money you have, but He also knows how much faith you have; and most of the time, they don't match.

Some of you, and this would apply to any church, God is speaking to you about being closer, geographically, but you are consulting the market and your bank account. Those are not to give you permission to follow the plan because you have to be, geographically, in the correct location for His plan for your life!

The first item line on orders from the General in the military and that's what we are, Soldiers, is your geographical location. Not the one that's convenient to your bank account. Not the one that's convenient for the market. Because when you have been planted in a local church, it's very difficult to complete the plan of God for your life at farther distances that take up time unnecessary time.

So, the market is never going to be favorable for you to obey God and neither is your bank account.

So, I'm just strongly encouraging you. It is so paramount, this year, that you follow the plan of God. That's not up here, (in your head) it's in here. (your spirit). That you pray it out in the Spirit, and you follow the leading of the Spirit, and you need to double check that. That's what we have an amazing Pastor for.

Provision is guaranteed at the place you have been assigned.

So, if there is no provision where you are immediately, make sure you are in the correct location in every area of your life.

If you're looking for the provision to arrive before you step out in faith, you'll be waiting until the millennial reign, because that is not faith. Not once has God asked us to do something that was in His plan, did we have the money ahead of time. In fact, we've never had the money at all.

God funds His Plan **all the time**.

Second thing, and this is for everybody to learn.

When God speaks to us of children, sons and daughters, there's no such thing as daughter-in-law or son-in-law in the Bible. The phrase in the Old Testament, daughter-in-law means a daughter *by the law*. The law says, when you marry into my family you become my daughter, not as Americans mean it as daughter-in-law.

My daughter-in-law is my daughter. I refer to her this way—My daughter-in-love or Katie Bug Love. I have never, ever used the words, daughter-in-law, and I wouldn't use son-in-law, if that applied, and that just helps us understand when God speaks and when He says, "your daughter" or "your son by marriage." He counts them as yours, under your covenant.

What is He telling you? You have total spiritual authority. Total 100 percent.

No different than if you have birthed them or they married into your family. You have no less authority.

Now isn't that awesome!

Because we are all sons and daughters of God, and we are all brothers and sisters in Lord which allows you to receive the fullness of the plan. For when He's identifying that son or daughter by marriage or by birth, it's equal in His eyes to your measure of authority. That you can cover them, and they can receive the fullness of blessing because they married into your family, and they didn't have to be just born into it. It is like being born again.

Isn't that amazing! God is so good.

Two things let's run with those this year!
