

Pastor Jack Myers - Prophecy Sunday, May 7, 2023 - AM service.

There shall be an increase even in your own personal lives, says the Spirit of the Living God. You're about to, and you need to be prepared for an increase in your finances, in your businesses, in your jobs, in your relationships, it will not be the same.

Even in the second quarter, you shall see by the end of the second quarter running into the third quarter, there shall be even more increase and more transference of the blessing of Heaven, says the Spirit of God, upon your life. It will come to a point that whatever you put your hand to you'll prosper exceedingly, abundantly above you could ever ask or think.

"Mark it down", says the Spirit of God. For it is a new season and a new hour. It is a new season and a new hour that I am rising up and I am triumphing over the wiles of the enemy, says the Spirit of God. And you shall be blessed from the top of your head to the soles of your feet. And you shall go over every obstacle, and weapons may form, and they will not prosper against you, says the Spirit of the Living God.

So, you mark it down, as of this date - you'll even see it by the end of this second quarter going into the third quarter, says the Spirit of God. You'll even say, "You can't touch this," because My hand of blessing is upon your life, and your finances, and your family, and your sisters, and your brothers, and your daughters, and your granddaughters, says the Spirit of the Living God.

So be of good cheer and be of good courage, for I am FOR you says the Spirit of God. I am NOT against you. And I have placed a hedge of protection around you wherever you go, and the light will even get brighter in you, for you are the light and the salt because I am the light and the salt, and I live in you.

So, mark it down and you shall see My Mighty hand moving upon thee, going before thee and protecting thee, because you have never been forsaken by Me and you will not be begging bread, says the Spirit of the Living God.

It's in that hour, it's in that day, it's in that time. Hallelujah. Thank You, Jesus blessed be the Name of the Lord. Thank you, Father. We'll remember, we will not forget, we'll remember what You've said to us, and we'll contend for the prophecies that have been spoken over us.

Some of you are just right at the line. I mean you're right at the line from transferring from one season right into another season. Some of you are right on that line, and some of you, even being on that line, it seems to be, like right now, is the HARDEST EVER. But if you don't quit... if you just keep believing, if you keep running, if you just keep shouting, if you keep dancing,

OH, GLORY TO GOD IN HEAVEN! You'll hit that breakthrough, you'll hit that new level!
Hallelujah!
