

Pastor Jack Myers Prophecy 07. 27.25 PM

As you enter into the third quarter of the race, many of you have been faced with seemingly impossible situations. You've cried out to Me, and you've asked Me to intervene. "I'm going to intervene for you," says the Spirit of God because the place that you're in the race.

Seemingly, some of you feel like you've been trudging through the mud. Some of you have been saying that the pace is too fast, and some of you are saying, "is there any hope in this race". Thus says the Spirit of God, "I have you in the palm of My hand."

I will take you through every obstacle, every hole, every pothole, every canyon. I will carry you each and every day. As you go through these things, know that I will not leave you and I will not forsake you.

I will bring you into a wholesome place.

"Just a few days more, just a few weeks more, and if you don't fall out of the race, you'll cross the finish line," says the Spirit of God, and the reward is on the other side. Stay in the race. I'll help you leap over the potholes. I'll help you leap over the canyons. I'll help you leap over these things. Seek and you shall find. Knock and it will be opened. For everyone who seeks finds and for everyone who knocks it shall be opened.

"Don't diminish the race," says the Spirit of God. Finish the race. I will take you through every obstacle.

I will take you through every pothole. I will carry you through the canyons. It's on the other side. You will not be denied, for I've heard your voice. For my ears are ever so close to your lips. So, don't be discouraged in the race.

Wipe your brow! Some of you have been running really hard. Know this, know this, know this, know this, know this, know this, know this, know this, know this, know this, know this, know this, twelve times, know this, twelve times, know this. I have spoken to you twelve times, know this.

It shall come to pass, it shall come to pass, it shall come to pass, it shall come to pass, it shall come to pass, it shall come to pass, it shall come to pass, it shall come to pass. Eight times, eight times I've said it shall come to pass.

"Don't fall out of the race. Don't fall out of the race. Even though there's obstacles, even though there's hurdles, even though there's canyons, I will take you through it to the other side," says the Spirit of the Living God.

Trust, trust Him! Trust in what He says. Trust Him. Trust Him.

Look ahead of you. You're running the race for the prize for those who are in Christ Jesus. It's one life, guys, it's one life. If He has not failed you in times past, He's not going to fail you now. It's another opportunity for God to show himself strong on your behalf.

That's what you're facing, but don't make the wrong choice. Don't go on the wrong path. Make the right choice and stay on the right path. Time is too short!

Oh, Dr. Jack, they were saying that 100 years ago. We are 100 years down the road. We are closer than any other generation in the world at this time. You will see the rapture of the Church.

You will experience the rapture of the Church. Things have so accelerated. That's the reason why the 2028 election is so important. If we miss it as the Church, we will go back to 2020.

Did you hear what I just said? It is not time to coast and enjoy your life even though God gives you life and gives it to you more abundantly. I'm not talking about that, I'm talking about your spiritual life, coasting in your spiritual life.

I know what's coming. It will be unprecedented like you've never seen before. I'm telling you, I'm telling you by the Spirit of the Living God. I know, like I know My name, I know what's coming. I've seen little glimpses, just little glimpses; but I know what's coming. It is an outpouring of the rain of God that you have never seen, surpassing everything you've ever read about in the last 2000 years.

I know, I know it! I know it, I know it, I know it, I know it, I know it, I know it!

You are going to enter into a time where you will have a keen ear to the voice of the Spirit and you won't be confused, is that you or is that God? It will be totally God, and you'll know it is God, and you won't be confused about it. Is it me or is it God? I don't know, I'm not sure, I can't distinguish. There is a distinguishing coming. You will know the difference, but you've gotta stay in, you can't fall out.

It has come to the time and place, All IN! You have to be All IN! I'm not saying you have to come to every service, I'm just saying you have to be ALL IN.
