

## How to Prioritize the Plan of God for your life #ALLIN

1. The plan of God for your life involves a geographical location.
2. The plan of God centers around the local body He has placed you in and your proximity to be able to be involved in that plan within the local body to its fullness with your attendance, your ministry of service, and ministry of reconciliation, both of which all believers are called to. This will involve your time and finances!
3. The plan of God for your life involves a jurisdiction of authority for your family, work, church life. You must be where He told you to be in body, soul and spirit!
4. The supply is **in** the plan therefore God will fund His plan.

“Faith comes where the will of God is known!”

Principles:

1. The spirit is that which knows.
