

## **Pastor Craig Hagin – Fresh Fire Weekend | 1.21.24 PM Service**

Fresh fire, fresh fire, fresh fire, fresh fire....

Explosion, Pastor Jack, I feel an explosion,  
an explosion is getting ready to take place.

An explosion in the spirit, an explosion with money,  
an explosion with all kinds of things.

So, just get ready, get ready, get ready!

Get ready to explode. Get ready to move forward.

Enlarge your tents. Enlarge your tents. Enlarge your tents.

That's for the church and that's for some of you individually as well.

Take a hold of that, take a hold of that in the Name of Jesus.

I keep hearing those words: explosion, explosion, explosion!

There is more in 2024! We just walked through the door.  
We are just at the beginning. We are just at the beginning.

I can't wait to see what God is going to do.  
I can't wait to see what God is going to do.  
I can't wait to see what God is going to do all over this earth.

We are ready for more in 2024.

We are walking through the door and moving into victory in the name of Jesus.

The things that we have been waiting for, the things we have been praying for are  
coming to pass. Revival is beginning. Revival is starting.

Where it's been hard before, it's gonna be easy now.

Things that seem like you just couldn't overcome that,  
you just couldn't overcome that, it's gonna be so easy,

it's gonna be so easy. Hallelujah!

Thank you, Father!

Thank you, Father!
