

A Champion is Born...

Unless a seed falls in the ground and dies
a life given in self-sacrifice
a champion cannot be born, a champion cannot be born

You see it's always a life for a life
it's Heavens blood price
the story of Glory
the story of Blood
we're telling Your story
the story of love

a seed falls in the ground and dies
a life lived in self-sacrifice
a champion is born, a champion is born,

The blood and the Glory
the circle of life
it's telling the story
of a life for a life
and a champion is born, a champion is born

We're pressing for the mark
we're pressing for the prize
we answer the call
to self-sacrifice
a champion has been born, a champion has been born....
