

Relatability?

When you cause people to relate to you, they see you and not Jesus!

We are not called to be relatable to people, but to bring them a message from the King that He wants a RELATIONSHIP with them! We are only the servant delivering the message!

To succeed at delivering the message I must remain "hidden" and He must remain visible!

I must teach them to have a relationship with Him, not me, for them to succeed.

I must not stand in the way by causing their relatability to me, I am temporary, He is Forever!
